# We want to hear from you!

## City of Dunwoody Comprehensive Transportation Plan Survey

L. How d	o you primarily travel within the city of I	Dunwoody?
	Walking	
	Biking	
	Public Transit	
	Drive	
	Combination of the above:	
2. Which	type of travel would you like to do more	e of in the city of Dunwoody?
	Walking	
	Biking	
	Public Transit	
	Drive	
	Combination of the above:	
3. What	are the two most important ways to imp	rove the roadway system? (check 2 only)
	Sidewalk improvements	Bikeway improvements
	Add turning lanes at intersections	Off-road paths and connections
	Provide more transit (bus) service	○ Use of golf carts/low-emission vehicles
	Build new roadways	○ Signal timing
$\bigcirc$	Provide off-campus parking and shuttle service for GA Perimeter	O Round-a-bouts
	College students	Fewer curb-cuts/controlled access

Widen existing roads

4. What	transportation issues are the most pressir	ıg in	the city of D	Ounwoody? (check 3	only)
$\bigcirc$	Traffic congestion and delay	$\bigcirc$	Lack of pub	lic transit accessibil	ity
	Excessive traffic speeds	$\bigcirc$	Parking ava	ailability/accessibilit	У
	Street maintenance	$\bigcirc$	Traffic from	GA Perimeter Colle	ge
	Lack of pedestrian sidewalk/safety	$\bigcirc$	Cut-through	n traffic	
5. What	Lack of bicycle paths/safety should be the city's top priorities related t ent? (check 2 only)	o tr	Other: ansportatior	infrastructure	
	Intersection improvements	$\bigcirc$	Creating a g	grid street network	
	Road repaving/maintenance	$\bigcirc$	Reducing co	ongestion	
	Sidewalk maintenance/ connecting sidewalk system	$\bigcirc$	Reducing cu	ut-through traffic	
	Bicycle lanes	$\bigcirc$	Speed cont	rol	
$\bigcirc$	Off-road connections (bike & ped)	$\bigcirc$	Creating/ exampool pro	xpanding carpool & ograms	
	ding congestion, how would you rate the oublic transportation, pavements, biking, et		=	ation system (includ	ing
	Excellent	$\bigcirc$	Fair		
	Good	$\bigcirc$	Poor		
	\$100 for annual transportation spending to each of the following categories? (The t		=	ories should add up	
. ,				\$ Amount	
	Street maintenance				
	Operational improvements to relieve cor	iges	tion		
	Bicycle improvements				
	Sidewalk improvements				
	Transit				
	Other:				
	Total:			\$100	

8. In general, how would you rate the following aspects of transportation in the	:vti
--	------

	Excellent	Good	Fair	Poor
Availability of visual appeal of the streets				
Pavement condition				
Availability of alternative routes				
Availability of transportation choices				
Availability of sidewalks				
Availability of bicycle lanes and paths				

9. If you had to trade off between various desirable features of the street environment, which of the following would you choose over the other. Rank them 1-10 with 1 being your top priority and please tell us why your top priorities are most important to you.

	Ranking	Why is important to you?
Widen sidewalks		
Dedicated bike lanes		
Recreational bike paths		
On-street parking		
Dedicated turn lanes		
Increase the number of vehicle lanes		
Decrease the number of vehicle lanes		
Trees		
Street furniture		
Pedestrian signalization		

10. What	alternative modes should the city prioriti	ze?		
	Transit			
	Biking			
	Walking			
	Golf carts/low-emission vehicles			
11. What	are the two most problematic intersection	ns i	n the city?	
	1			
	2			
12. Why	do you primarily bike or walk?			
	Exercise	$\bigcirc$	Going to a commu	unity destination
$\bigcirc$	Recreation	$\bigcirc$	Commuting to wo	ork or school
	Enjoyment of nature/scenery	$\bigcirc$	Other	
$\bigcirc$	Visiting a neighbor			
13. Wher	e would you like to walk or bike in the fut	ure î	(choose all that a	pply)
	Exercise	$\bigcirc$	Going to a commu	unity destination
	Recreation	$\bigcirc$	Commuting to wo	ork or school
	Enjoyment of nature/scenery	$\bigcirc$	Other	
	Visiting a neighbor			
14. Wher	n you walk, what are your safety concerns	?		
	Separation from vehicular traffic	$\bigcirc$	Traffic signals at s	treet crossings
	Lighting	$\bigcirc$	Other	
	Personal safety			

		Less than ¼	½ mile	1-2 miles	2 or more miles		
16. How	Lack of shoulder to cycle combined with too much far are you willing to trav	n traffic	to:				
$\subset$	Do not feel safe		Oth	er			
С	Lack of sidewalks combine too much traffic	ned with	( )	far from con tinations	nmunity		
15. Wha	5. What currently prevents you from walking or bicycling? (choose all that apply)						

	Less than ¼ mile	½ mile	1-2 miles	2 or more miles
Run errands				
Exercise				
Commute to work/school				

17. What measures are needed to improve the bicycling environment in the city?

	1 (least important)	2	3	4	5 (most important)
Marked on-street bike lanes					
Separate/off-road bike paths					
Wider street shoulders for bicycles					
Slower vehicular traffic					
Other:					

## 18. What measures are needed to improve the pedestrian environment in the city of Dunwoody?

	1 (least important)	2	3	4	5 (most important)
Wider buffer between sidewalks and roads					
Wider sidewalks					
More complete sidewalk network					
Handicap accessibility					
Improved lighting					
Marked and visible crosswalks					
Pedestrian amenities (trees, benches, etc)					
Pedestrian signals					
Slower vehicular traffic					
Other:					

### 19. Would you venture out more:

	Yes	No	If no, why?
by foot if there were more sidewalks and paths?			
by bicycle if there were more on-street bike lanes			
by bicycle if there were more off- street bike paths			

20. What	do you see as the impediments to walkin	g an	d bicycling in the city of Dunwoody?
21. What	do you see as the impediments to riding	tran	sit in the city of Dunwoody?
22. What	is the biggest challenge to traveling aroun	nd ir	the city of Dunwoody?
22 14/6-4			
	is your interest in the Dunwoody Compre all that apply)	nen	sive Transportation Plan (CTP)?
$\bigcirc$	Live in the city		Own commercial property/business in the City
	Work in the city	$\bigcirc$	Other
24. What	is your age?		
	Under 21	$\bigcirc$	51-65
	21-35	$\bigcirc$	Over 65
	35-50		

#### Thank you. We appreciate your feedback!
